

**Nagaland Board of School Education  
Kohima**

**NOTIFICATION NO. 63/2017**

Dated Kohima, the 16<sup>th</sup> November, 2017

No.NBE-8/Ad-Misc(10)/2017-18 :: It is hereby notified for information of all concerned that institutions registered under Nagaland Board of School Education must follow the terms, conditions, rules and regulations laid down by the Department for running an institution. Schools must establish environments conducive to learning wherein students feel physically, psychologically, socially and culturally secure.

For a school to be effective, it must provide a physical environment that is comfortable, safe, secure, accessible, well illuminated, well ventilated and aesthetically pleasing. The facilities include the variety of building systems, such as plumbing, electrical and power, telecommunications, security and fire suppression systems, furnishings, materials and supplies, equipment and information technology as well as various aspects of the building grounds, such as school boundary wall, athletic fields, playgrounds, areas for outdoor learning and vehicular access & parking.

The students learning outcome is directly influenced by the implementation and monitoring of the school development plan. It has been observed that some schools have still not made efforts to provide the minimum facilities. The rules and regulations pertaining to the minimum facilities can be found in the booklet *General Rules* [Page no: 6-16] under the headings: *Site, Buildings, Furnishing (library, Science laboratory, etc), Facilities, Academic, School Health Service, Healthy School Environment, Health Education, Management, School Managing Committee, Staffing Pattern*. For details, the "General Rules" is available on the Board's website : [www.nbsenagaland.com](http://www.nbsenagaland.com).

All institutions are hereby directed to report back to the Board's Office with these information, particularly the facilities provided in their schools within **28<sup>th</sup> February 2018**.
